## Call: Members of the Task Force for Child and Youth Participation

IFM-SEI is looking for volunteers that would like to join the **Task Force for Child and Youth Participation**.

Are you eager to learn more about IFM-SEI structures?

Are you motivated to contribute with your knowledge and experience?

Do you want to make IFM-SEI even more child and youth friendly?

Do you speak one of the working languages of IFM-SEI (English, French, Spanish)?

If the answer is **yes** to at least one of these questions, then this call is for you.

**Spread the word!** We specifically encourage young people and children to apply and help us create an environment where children's and young people's contributions are recognised and their participation celebrated!

### Who are we?

The International Falcon Movement - Socialist Educational International (IFM-SEI) is an international educational movement working to empower children and young people to take an active role in society and fight for their rights. We are an umbrella organisation for child and youth-led movements all over the world, educating on the basis of our values of equality, democracy, peace, co-operation, solidarity and friendship. Through our member organisations and our international activities, we aim to ensure that

children and young people are well informed about their rights and are empowered to ensure they are respected. To reach this goal, we organise a variety of activities including seminars, training courses, international camps and conferences.

## Why the Task Force?

Over the years we have had numerous seminars and projects on the topic of participation of children and young people, expanding the knowledge and good practises. We are offering space for children and youth to get more engaged in the work of IFM-SEI.

A lot has been done, but more can be made. We want to highlight the importance of child and youth participation in the global work that we do. We believe that we can do more to engage children and young people by making plans for the future and ensuring that they have the knowledge and skills to volunteer in the movement.

**By children and young people, for children and young people**, is the message we are following, and we want to make sure that our work and structures are accessible to all children and young people.

The Task Force will analyse the current structure of the organisation and propose ideas and guidelines on how to make our organisation more child and youth friendly and how can we be even more open and participatory in decision making.
